FOOTBALL BASEBALL THE TURF

ESKIMOS FACE REGINA RUGBY TEAM IN FIRST GAME OF INTERPROVINCIAL SERIES FOR TROPHY

While Eskimos Are Approximately At Full Strength And Albertans Believe Victory Will Be Theirs, Hence Club Has A Collection of Stars That Would Make Any Team Shiver—Game Will Be One of Hardest Fought—Contests in History of Western Rugby.

Edmonton—Full back, Cullen. Centre, half, Stuart. Outside halves, Stevens and Stearns. Quarter, Eaton. Scrummages, Hooley, Miller and Hesse. Inside wings, Graham and Sulgrave. Middle wings, Bunting and Campbell. Outside wings, Hardisty and Carmichael. Spares, Barley, Morrow, Craig, Wilson, Raymond and Conway.

Regina

Flying wing, "Punk" Thompson. Half backs, Rogers and Otton. Quarter, Eaton. Scrummages, Urquhart, Baidoo and Murphy. Inside wings, Robbins and Finnegan. Middle wings, Styles and Page. Outside wings, Crapper and Dale. Spares, Johnson, Taylor, White, Abbott and Stringer.

Covered With Snow.

REGINA, Nov. 7.—The first gridiron has been covered with tons of straw to keep the field in the best possible condition for the rugby game with Edmonton tomorrow afternoon.

This afternoon at three o'clock the Edmonton Eskimos and the Regina team, champions of Saskatchewan, will meet in the semi-final of the Western Canada championship. The game will be played at Regina. The Eskimos left Edmonton for the scene of battle yesterday morning, the entire squad of Saskatchewan players in the city has been in the city for a few changes on the line-up. Several changes have been made before they departed, but they do not materially weaken it.

From the record of the men on the Regina individually, they should be just about as strong a team as there is in Canada. The men come from Eastern teams and from United States teams and have record of play that makes the Edmonton boys look like novices. No doubt with a few exceptions the home team is much more experienced than is Edmonton, but from its record the Eskimo Club has this playing ability even though it does not consist of a collection of stars.

It is an almost perfectly organized playing machine and it is upon this team work that the hopes of Edmonton people depend. Certainly every scrum has been made to the advantage of the players so they should be in the playing condition when they step on the field.

The field playing itself will be a good one. Dominion Park is a fine level field, and last night it was covered with tons of straw to protect it from frost or snow. It will be in good shape today.

The Eskimo Club expects an attendance of from fifty to a thousand. Moose Jaw and Saskatoon are all sending cars to the scene of action by special trains.

Personnel of Team Against Which Eskimos Play Today Gives Impression of Remarkable Ability—Nearly Every Player is a Former Star

The team which Regina today meets against the strong Edmonton Eskimos, champions of Alberta, in the semi-final game for the rugby championship of western Canada will be a star-studded one. It is the team which won the title last year at Winnipeg, and it is the team which played in that memorable game which was the line-up today and five others, of which stood as a spare in the 1912 final have been added.

The team has improved wonderfully in the last week. The player's new line has been worked out to perfection and the bunting of Robbins the best foot has been better than it has all season.

Murray Thompson announced last night that he would be the other official to replace Pearson.

CALGARY WOULD REGRET BREAK AMONG CURLERS

Say They Will Have Good Ice in Future And Would Injure Game.

Two other men who have come to the Queen City last season are Finnegan and Murphy. They are Americans and both have letters on the arm of that school for football men. Notre Dame University, Finnegan who plays an inside wing position, is probably the best line player which Regina has. He has not been given the ball this year except for good gains through the line of the opponents.

On defense the team has been able to apply to him to this hackneyed one, stone wall, for he can stand firm on two legs. Murphy holds down left scrum and is a perfect running mate for Regina's scrum, Urquhart.

The other new man is Freddie Wilson, who played last year in the S.R.P.C. championship team. He has been in the Regina club all season and has developed into a phenomenal player. He is a kick with either foot and at the last position moment has been responsible for many of Regina's points.

He is a sure catch, a fleet runner and a hard tackler, and his end zone has been the spectacular spots in the game this year.

Last Year's Men.
The remainder of the team are men who played last year. On the outside ends are Crapper and Dale, both of whom made themselves famous last year. They have both been having hard luck this year. Dale broke two ribs in the first practice of the season and did not play until the last S.R.P.C. game, while Crapper has been playing with a badly injured arm which has only recently been well enough to use.

These two men, weighing 175 and 165 pounds, are the backbone of the Eskimos to watch. Their particular pleasure is getting down under punts and nailing the man with the ball before he can move. Both are sure to get the ground in front of them and tackle low and hard and sure. Crapper not his early career in the game in Ontario and in Chicago while Dale was a former member of the Parkdale College team and the Parkdale Cubs club.

store Note—The individual character of a further model—elderly for example—places it outside the ordinary. This garment is built for warmth and comfort—it's stylish, too—the price is right.

Next at hand is Urquhart, one of the best sprinters in Regina. He makes in every kind of sport, being a hardy, heavy, and a good player besides one of the best scrummers in the city. When he is not on some kind of an athletic field he is driving a C.P.R. locomotive and keeps in condition the year round. He weighs 175 pounds and is a capable man in the centre of the field. Denny Handpiece, one of the lightest men on the team, is a good player of putting the ball in play. It is his adeptness at doing this job in the best possible way that is his best asset, but he also has the happy faculty for a center scrum, of getting into every play and get more than his share of the tackle in most games. On the defensive he is able to hold much heavier men than himself.

Page at right middle is an old man with the team. Last year he performed creditably at left inside and while he was not at the top of the present season, a place was quickly found for him when he played in Washington state.

Heinie Rogers is an American and good player. He won at the State college, of whose football team he was captain last year. He has been in the center half this year as well as center half this year as well as center half this year.

He weighs 165 and was a good player. He has sticky fingers and can pass to perfection. He was the best player of almost all of the punts in the Hamilton Tiger game and he refused to furnish any of them.

Humie Johnson, spare outside and inside, has had a wealth of experience, having played on a number of teams in the past. He was at one time captain of the Trinity team and played with them three years. He knows the game thoroughly, has refereed big games in the east and is big, heavy and fast. He has played in three games this season—his first in Regina—and has played a hard game for each time.

Hickory Abbott, spare half back is said to have more pep than any man on the team. It is certain that he has untiring energy and if the back field are incapacitated on Saturday he will be the man who goes in.

In all men White is another backfield man of good caliber. He has not been in the team for long, but he has not been playing up to his last season's form until lately. He is a fast runner and a good blocker.

Dee Drimmer, the substitute quarterback, is a fast runner and a good blocker. He has not been in the team for long, but he has not been playing up to his last season's form until lately. He is a fast runner and a good blocker.

Players of Western Canada League Want Players Federation

Ball Players Wintering in Edmonton Are Considering Adviseability of Organizing For Protective Purposes Along Same Lines As Federation Among Big Leaguers.

The success which the Baseball Players Federation is meeting in the big league has inspired certain minor league artists to discuss the advisability of organizing a similar league for their own benefit. The Edmonton baseball colony is thinking it, ever seriously in fact some of the players in the city have started to work out the plans for such an organization with a view to getting it started next season during the season. While the players in the Western Canada league have never had any great complaints or wants they feel that "in union there is strength," and that in the future there might arise a situation where by united action they could secure concessions from the managers.

Although so far as is known no player in other minor leagues has discussed the matter or thought of forming such a federation, it is felt by those players who are agitating for it and who are emphatic in their desire that their names be given to the public, that there is no reason why western Canada league players should not take the initiative in the movement which in their opinion will benefit the league in organized ball on the American continent.

NOTE: While leaving for Regina received a letter from a young catcher in the east who is a free agent and who, according to informal talk received by the Edmonton club is certainly a live chunk of baseball ability. It is likely that he will be secured by the club.

If the Regina club secures Holly for manager of their team for next year they are likely to have a good team for, according to reliable information, Holly is an efficient man and knows baseball from the bottom up.

All nominations should be sent in on the regular nomination blanks printed in The Bulletin. Candidates may nominate themselves or have their friends send in their nominations. The contest department will not disclose the names of persons making nominations.

Candidates must reside in the district or territory from which they are nominated.

No protest as to the eligibility of a contestant will be considered after the name has been printed in the list of contestants for ten days.

A similar division will be made of the Scholarships and Diamond Rings. One Montreal Trip will be awarded in each of the districts mentioned and the fifth will go to the contest worker turning in the most subscriptions to the Semi-Weekly Bulletin.

Other district prizes will be announced from time to time. No contestant will be awarded more than one of the general prizes.

How The Votes Will Be Issued

Votes in this contest are secured by coupons cut from the Daily and Semi-Weekly Bulletin upon cash subscriptions and upon want ad coupon books.

Candidates are not restricted to work in the districts in which they live. They may solicit and obtain subscriptions, orders for want ad coupon books and daily coupons wherever they desire.

Each coupon printed in The Bulletin is good for ten votes when properly filled in and mailed to the contest manager of this paper.

These coupons are not good when ten days old, so contestants should send them in promptly and watch the expiration date on them very carefully.

Votes cannot be purchased in this contest. They can be secured only on coupons, on paid-in-advance subscriptions and upon the sale of want ad books. Contestants will not be permitted to hire solicitors to work for them.

During November, which is designated as the first voting period in this contest, the voting scale is higher than during December, the second voting period. Consequently all contestants should turn in all the subscriptions they can while the vote is high.

Votes will be issued on all subscriptions and want ad book sales as follows, during the two periods:

James Gordon was arrested this morning in the Leland Hotel on a charge of pocket picking. He will appear in the police court tomorrow morning.

Swimming Club to Meet.—There will be a meeting of the Edmonton Swimming Club at the Y.M.C.A. at 7 o'clock. Following the meeting, a number of swimming races will be held.

The death of Wm. Moses Porter, the son of a well-known family, who died at 1103 1/2 Kinsmen avenue, occurred last night at the family residence. The funeral takes place at 2 o'clock this afternoon from Andrew's undertaking parlors to the Edmonton cemetery. Rev. Canon Howcroft officiating.

The body of Dan Brooks, the Edmonton man, who was killed in the C.P.R. wreck at Moose Jaw, on Monday, arrived in this city today for burial. Arrangements for the funeral have not yet been made, as it is expected that some of the deceased's remains will arrive here tomorrow from the coast.

The senior boys of the Sunday school of Kirkland Presbyterian Church were entertained at the annual bazaar, which was a pleasant evening was spent. A club was formed for the purpose of raising money for the bazaar. President Arthur Dilling, vice-president Gordon Stewart, secretary Thomas Duguid, treasurer, Russell Stewart, captain of the hockey team, and other officers were elected.

Two Fire Calls.—A small outbreak of fire occurred in the J. J. Candy Company's plant, at the corner of Nampaw and 10th streets, at 1:30 this afternoon. The cause was slight, however, and 10 minutes later the fire was out. The Candy was slightly damaged, but no one was hurt. Earlier in the morning the same station had a small fire in the corner of Nampaw and 10th streets, where an ash pile was burning.

HIGH PRICES FOR CATTLE.—Horn Dukes Marshall, minister of agriculture, has returned from visiting the cattle demonstration farm on which steers have been put on winter feed. Four hundred steers were shown on the five-acre demonstration farm at Oak, Oklahoma. The steers were fed on a mixture of alfalfa and corn. The prices for feeding are harder to buy than ever, says the minister, and he is giving the highest prices ever paid for a lot of wool will be killed.

LOSER LAUNDER KILLED.—A man who received the morning at headquarters of the R.N.W.M.P. that a Greek named Louis Prinos had been killed on a C.P.R. dump 2 1/2 miles northwest of Edmonton. It appeared that the man was working on the C.P.R. grade was riding on a dump car at the foot of a cut and fell to the bottom of the cut, where he was killed. The car was carrying a considerable load of material and was moving on the track. He was carried by the bottom of the car for a considerable distance, his head being smashed on the ties and his body being fractured. He was buried in the Coronation cemetery yesterday.

EIGHTH STREET BRIDGE.—A new bridge across Saskatchewan avenue, on Eighth street, fronting the north entrance of the Parliament buildings, is under consideration by the Public Works Department of the Provincial Government. The bridge will be in the form of a concrete arch. Arrangements are being made with the city regarding the location of the bridge. The south abutment is to be placed back from the street line and the Public Works Department is asking if it would be agreeable to the city to place the north abutment the same distance out on Saskatchewan avenue. In return for this consideration the Provincial Government offers to donate a strip of land on the south side of Saskatchewan.

The city authorities have signified their willingness to agree to terms. FIRST CASE UNDER AMENDMENT.—Charles Pitts was charged this morning in the police court with living off the avails of prostitution, but the case was adjourned on the application of the police, in order to give them time to get more evidence. This is the first case that has been brought in the local police court under the amendment to the criminal code. A person found guilty of this crime is liable to a term of imprisonment up to five years, or as well as the last. The accused's solicitor, Mr. McConville, applied to have the case brought under the old code, as the offence which Pitts is alleged to have committed took place prior to the passing of the new Act, and under which it convicted man can be found.

Whether the application will be granted or not has not yet been decided.

NEW EDMONTON GARAGE.

The Alberta Chemical and Rubber company have opened a new garage on Eighth street between Jasper and Athabasca. The company was made the latter car one of the finest of the higher priced cars made in America and a general garage business will also be conducted. C. Pratt is the manager for the company. The garage has a commodious building covering a floor space of 180 by 40.

HOUSE SETTERED ASY.

Yesterday morning a horse was struck by a C.N.R. engine a few miles out of the city. The horse was broken and it was knocked down a fifty-foot drop. Report was made of the accident, it is stated, and the injured animal was kept for almost twenty-four hours, suffering intensely. A boy who was passing reported the matter. The horse's owner, John Dwyer, was called to shoot the animal. When the animal arrived, he found that it had been shot by a section foreman.

Speaking in the Bulletin this morning Mr. Dwyer stated that he was going to investigate the case, and see why the engineer did not report the case. If there is not a satisfactory explanation forthcoming he is determined that something more would be heard on the matter.

IN THE POLICE COURT.

Tom Burgess, a variant, told Magistrate Macleod this morning that he was not strong enough to work when charged in the police court with the offence. The magistrate remarked that the accused was evidently in need of a rest, and he was ordered to a very satisfactory statement to give. Burgess was fined \$10 and costs for causing a disturbance on the street, and Nick Rodas who pleaded guilty to a charge of a violation of the Lord's law act by selling ice cream was fined \$15 and costs.

ALTERATIONS TO POST OFFICE.—Important business attention is directed to relieve the present congestion are being carried out at the Edmonton post office. The steamy which will be moved from its present place to a separate building, which has been constructed just inside the north entrance on McDougall avenue. The space still about 100 feet by 100 feet will be allotted to the money order department, which will be given increased accommodation.

The wall containing the train has been moved seven feet and a new addition of seven by sixty feet of extra floor space for the office of the department. The alteration does not incommode the public, as the corridor is still about 100 feet by 100 feet on this side of the building. The alteration will give increased accommodation for the general delivery department, which has long been much overcrowded.

Edmonton is being made the distributing centre for Alberta and Northern British Columbia for all post office supplies. Extensive alterations are being provided on the second floor and also in the basement. George Elbourne, of the post office department at Ottawa, has charge of the installation of the department and is busy getting in his things.

THE PRODUCE MARKET.—There was again a large number of pigs on the market today, and this week promises to establish a record in that respect, but trade was rather slow. On the hay market a battle of prices continued. Sellers of good quality are asking \$12 per ton, while buyers are offering as low as \$10. The result is that some farmers have many as three loads on hand, some having been there since the beginning of the season.

Attempted Assassination Of Provisional President Huerta In Mexico City

Assailant Struck Down by Frightened Horses Before He Could Fire Shot—Mexico and U.S. Now Reaching Short Grips—Lind Proceeds From Vera Cruz to Mexico City to Conduct Final Negotiations—Huerta's Reply Prepared.

San Francisco, Calif., Nov. 7.—A special dispatch to the Chronicle states that an attempt was made to assassinate Provisional President Huerta of Mexico City yesterday afternoon. A man ran out, grabbed the horse's bridle and attempted a revolver. The assassin struck the assailant with his hands, falling into the street. He was removed to the jail in a dying condition.

Mexico City, Nov. 7.—Provisional President Huerta's formal negative reply to the United States demands, which was discussed in detail at last night's cabinet meeting, will set forth that the United States has no right, legal or otherwise, to demand General Huerta's extradition. The statement was given out today from one of the departments of the Mexican government. The reply, it is said, will also point out that Provisional President Huerta has no legal right to accede to the demands. The information said it was decided to incorporate in the reply a declaration that General Huerta intended to increase the Mexican army to 500,000 men.

The final stages of the negotiations between Mexico and United States are to be participated in personally by the president of the United States. The negotiations have been going on since the late of last month. The series of delays of President Huerta's formal answer to the United States demands, which was discussed in detail at last night's cabinet meeting, will set forth that the United States has no right, legal or otherwise, to demand General Huerta's extradition. The statement was given out today from one of the departments of the Mexican government. The reply, it is said, will also point out that Provisional President Huerta has no legal right to accede to the demands. The information said it was decided to incorporate in the reply a declaration that General Huerta intended to increase the Mexican army to 500,000 men.

Cabinet Members Silent. Washington, Nov. 7.—When the cabinet meeting broke up the members were shown news dispatches from Mexico City saying Huerta's formal reply would be a complete denial to the United States, but without exception none would comment. All

TO OPERATING TABLE INSTEAD OF PRISON

Two Prisoners Sent to Chicago for Operation for Moral Delinquency

Benton Harbor, Mich., Nov. 7.—Two prisoners who were sent from here to Chicago by circuit court Judge Lind, man to undergo operations by Dr. Pratt, of Evanston, Ill., for the cure of moral delinquency, were yesterday and faced the court. "I am a man," said George Corbett, one of the men. He stood erect before the operation his shoulders sagged. His eyes were clear and he had the appearance of one who is sound mentally and physically.

Clarence Chappel, the other man, had pleaded guilty to a charge of burglary and was known as the leader of a gang of toughs. "I believe I am cured," he said. "I want to lead a decent life."

Judge Britten announced that the two men would be paroled and their actions carefully watched. "I believe they have been morally regenerated," said the judge, "and if they prove the correctness of my theory, more prisoners will be sent to the operating table instead of prison."

YUAN SHI KAI IS FACING A CRISIS. Washington, Nov. 7.—It is evident that the situation in Peking is serious. The evidence is that Yuan Shi Kai is facing a crisis. It is believed here that he will come out of the present untriumphant, although it is quite certain he faces a long period of trouble and stress in his present and internally distressed country. He has high-handed and drastic action on the dissolving of the Nationalist party, expelling members from parliament, and threatening some of them in jail, as the most recent evidence that he will come out of the present untriumphant, although it is quite certain he faces a long period of trouble and stress in his present and internally distressed country.
